

# If I Were In Charge of the World

By: Mrs. Sedgwick

If I were in charge of the world  
I'd cancel all greed  
And cutting down trees  
And Biggering, and BIGGERING and **BIGGERING!**

If I were in charge of the world  
There'd be cleaner air,  
More playing parks, and  
Truffula trees on every street corner.

If I were in charge of the world  
You wouldn't have pollution.  
You wouldn't have traffic jams.  
You wouldn't have Once-lers  
Or "Fine Somethings That All People Need"  
You wouldn't even have any Thneeds.

If I were in charge of the world  
Everyone would have a Brown Bar-ba-loot as a pet.  
All ponds would be filled with Humming-Fish humming.  
And the Lorax would come back  
To speak for the trees  
Though there'd be no need  
If I were in charge of the world.
